Paul, this afternoon won't work for me because I have a lot of other commitments. Can you propose a few other times for this week, not including Friday? I am also in all of next week, not including the holiday. Thanks.

Omer- could we have the initial telephone call on this site next Monday, Aug 25 in the afternoon?
We would like to review the overall scope of the project and the schedule.

1. Site description: portion of site cleanup approved vs. entire site
2. Additional sampling requested by USEPA
3. Excavation and disposal, excavation and stockpiling and disposal
4. Schedule
